

Palmetto Pediatric Center at Aiken Regional Medical Centers

Committed to quality healthcare for your child.

Palmetto Pediatric Center provides inpatient and outpatient services for infants, children and adolescents. We are affiliated with the Medical College of Georgia (MCG) Children's Medical Center and Department of Pediatrics.

60 Physician Drive • Aiken, SC 29801 • 803-641-KIDS (5437)

Physicians are on the medical staff of Aiken Regional Medical Centers, but, with limited exceptions, are independent practitioners who are not agents or employees of Aiken Regional Medical Centers. The hospital shall not be liable for actions or treatments provided by physicians.

803-641-KIDS (5437)

Outpatient Center

Children can get routine healthcare as well as care when they're sick at our outpatient center. We understand how stressful it is when your child is sick – so we can see your child the same day you call, or the day after.

For routine healthcare, we recommend scheduling an appointment as soon as possible. Call us at **803-641-KIDS**.

Inpatient Services

Inpatient services include the newborn nursery and inpatient admissions. If you have your baby at Aiken Regional, you will see a Palmetto physician. To continue care with our outpatient center, just ask your child's pediatrician or nurse for information, or call our office at **803-641-KIDS**.

We are happy to meet with expecting parents for a prenatal visit!

We accept most private insurance plans as well as South Carolina Medicaid and some of the Medicaid HMO / PPO plans. Please call our office at **803-641-KIDS** to verify that we accept your child's insurance plan.

About the Physicians

Physicians at Palmetto Pediatrics are well-versed in the spectrum of infant, child and adolescent healthcare. They have a strong commitment to quality pediatric care and education of pediatric residents. Many physicians here are board-certified in pediatrics, active members of the American Academy of Pediatrics and involved in continuing medical education on a weekly basis.

– Pediatrics

Specialty: Pediatrics

Pediatric residents and medical students from MCG also provide pediatric care at Palmetto Pediatric Center and at Aiken Regional under the supervision of the faculty of the MCG Department of Pediatrics.

A medical resident is a physician who has graduated from an accredited medical school and is enrolled in a clinical training program in a medical specialty. Innovative partnerships like the coalition between Aiken Regional and MCG give residents the training they need to practice in the community.
